RELAXING  
BALM

gently  
warming+

A revitalising, and cooling gel that provides relief to tired, and tense muscles in just seconds.

50ml

Biopeptide Complex  
Cannabidiol 100 mg  
BIO Hemp oil

+ natural cooling  
substances

### KEY ACTIVE INGREDIENTS:

- BIOPEPTIDE COMPLEX
- CANNABIDIOL (CBD)
- BIO HEMP OIL
- EUCALYPTUS ESSENTIAL OIL
- MENTHOL
- ALLANTOIN
- ARNICA EXTRACT
- HORSE CHESTNUT EXTRACT
- CAMPHOR OIL

### EFFECTS:

- relief for tired muscles
- relieving muscle tension
- relieves stress and overload tension in the temples and neck
- relief for the so-called muscle sores
- it brings relief from pain, minor bruises and injuries
- improves lymph flow
- reduces the feeling of heavy legs
- soothes the effects of insect bites

### FOR WHOM?

- for people practising sports
- after intense physical exertion
- for people who have problems with circulation, edema in the limbs
- for people who spend a lot of time without changing their position
- for people with an active lifestyle

### HOW TO USE?

Massage into places that need cooling and toning or anti-puffiness effects of the ingredients of the preparation: on the muscles of the legs, arms, back or around the nape, neck and temples.

Gel balm with a slightly warming, toning and relaxing effect.

50ml

Biopeptide Complex  
Cannabidiol 100 mg  
BIO Hemp oil

+ natural warming  
substances

### KEY ACTIVE INGREDIENTS:

- BIOPEPTIDE COMPLEX
- CANNABIDIOL (CBD)
- BIO HEMP OIL
- THEOBROMA CACAO EXTRACT
- CARDAMOM SEED EXTRACT
- BLACK PEPPER EXTRACT
- CHILLI PEPPER EXTRACT
- DEVIL'S CLAW EXTRACT
- ALLANTOIN
- GINSENG EXTRACT
- WITCH-HAZEL EXTRACT

### EFFECTS:

- brings quick relief, relieves pain
- relieves pain, helps to ease tensions in the muscles
- warms up and relaxes
- relieves stress, soothes the nerves
- improves blood circulation and strengthens blood vessels
- improves blood circulation
- reduces cellulite
- smoothes

### FOR WHOM?

- for people practising sports
- in injuries, overloads pain in the locomotor system
- for relaxing massage, also for analgesic massage of the nape, neck and squares
- warming up before training in low temperatures
- for people in need of relaxation, stressed

### HOW TO USE?

Massage into areas that need the soothing, gently warming and relaxing effect of the ingredients of the preparation: on the shoulders, back, nape, neck, knees and Achilles tendons. Use the preparation to massage these areas.

## CBD

WARMING  
HELP

first aid  
super warming+

Gel with a strong warming effect,  
for local application.

50ml

Biopeptide Complex  
Cannabidiol 100 mg  
BIO Hemp oil

+ strongly warming  
substances

### KEY ACTIVE INGREDIENTS:

- BIOPEPTIDE COMPLEX
- CANNABIDIOL (CBD)
- BIO HEMP OIL
- CHILLI PEPPER EXTRACT (10% CAPSAICIN)
- DEVIL'S CLAW EXTRACT
- ALLANTOIN
- GINSENG EXTRACT
- WITCH-HAZEL EXTRACT

### EFFECTS:

- strongly warms up locally (action comparable to that of warming patches)
- immediate help in case of pain or discomfort in the area of the lower back or shoulders
- locally after overloading, straining the muscles, back, arms
- great for warming up the body after cooling down
- stimulates skin regeneration by activating HSP proteins

### FOR WHOM?

- for people with severe discomfort, back and shoulder pain
- in convalescence after overload of the locomotor apparatus
- supporting inflammation: local warming, bringing relief and soothing

### HOW TO USE?

Locally, to points that need the warming, pain-relieving effect of the ingredients of the preparation: the lower back, shoulders and neck.

## CBD

SPECIAL SKIN  
THERAPY

skin care cream  
soothing+

A gel cream for problematic, highly sensitive  
skin that requires special treatment.

30ml

Biopeptide Complex  
Cannabidiol 100 mg  
BIO Hemp oil

+ ingredients selected for sensitive  
& problematic skin

### KEY ACTIVE INGREDIENTS:

- BIOPEPTIDE COMPLEX
- CANNABIDIOL (CBD)
- BIO HEMP OIL
- HYACERAMIDYL
- AVOCADO OIL
- ALLANTOIN
- BISABOOL
- ARNICA EXTRACT
- HORSE CHESTNUT EXTRACT
- MENTHOL

### EFFECTS:

- soothes, bring relief, supports the functioning of sensitive, problematic skin that requires special treatment
- anti-inflammatory
- soothes inflammation and itching of the skin of the body
- deeply moisturizes the skin and increases its natural protective function
- rebuilds and strengthens the natural hydro-lipid coat
- improves subcutaneous circulation

### FOR WHOM?

- as an intensive temporary or permanent point treatment - for dry, red and irritated areas
- for acne-prone skin that requires special treatment
- for irritated, changed skin on the hands, neckline or neck
- as a support in the treatment of dermatoses: atopic dermatitis, psoriasis, skin allergies

### HOW TO USE?

If you need a soothing and regulating therapy for sensitive, problematic or overactive skin: apply to cleansed skin - massage until absorbed. Use until unwanted symptoms and discomfort subside..

# COMPREHENSIVE CARE FOR SENSITIVE SKIN THAT REQUIRES SPECIAL TREATMENT

CANNAVI  
by LARENS

**CBD**

**SPECIAL SKIN  
THERAPY**

skin care cream  
soothing+

  
LARENS  
NATURE AND SCIENCE

**DERMO**  
FACE CREAM

BIOPEPTIDE  
COMPLEX

- intervention therapy
- rescue, relief for the skin in the process of inflammation, irritation, discomfort
- anti-inflammatory, anti-viral, anti-pain effects

## KEY ACTIVE INGREDIENTS:

A unique combination of three ingredients:  
high CBD content (100 mg), BIO hemp oil  
and fish collagen peptides Biopeptide Complex  
**Moisturizing:** Hyaceramidyl  
**Soothing, reducing redness, anti-inflammatory:**  
chestnut and arnica extract - seal blood vessels,  
zinc gluconate, menthol, chamomile bisabolol

## WHAT IS THE FORM?

- gel, light, easily absorbed

## HOW DOES IT WORK?

- soothes, relieves eczema, acne, dryness, atopic dermatitis, psoriasis
- relieves inflammation, imperfections, also point focuses
- reduces the feeling of itching
- deeply moisturizes the skin and supports disturbed functions
- strengthens and rebuilds the natural hydrolipid coat - it has a protective function

## EFFECTS OF ACTION

- soothed inflammation
- eliminated imperfections: acne, eczema
- lifted itching
- stronger, healthy skin

## HOW TO USE?

Use spot/temporarily on the entire face, hands or wherever you need to.

To maintain results or in cases of local irritation:  
– use pointwise with another care preparation, e.g. Larens Dermo Face Cream.

- daily care for skin that requires special treatment
- protection and support for weakened skin, exposed to the harmful effects of external factors: bacteria, viruses, UV radiation, extreme temperatures or stress

## KEY ACTIVE INGREDIENTS:

**Unique on the market combination** of fish collagen peptides  
Biopeptide Complex and ectoine  
**Moisturizers:** Hydromaniil™, hyaluronic acid, squalane  
**Soothing and nourishing:** Calmosensine, jojoba oil, collagen,  
vitamin E

## WHAT IS THE FORM?

- a rich, creamy formula that requires lubrication, but is easily absorbed

## HOW DOES IT WORK?

- provides a high level of hydration, which is important for problematic skin
- soothes irritation, redness and itching, also on sensitive, atopic, allergic and psoriasis skin
- soothes the skin after an overdose of sunlight or a bath in salt water
- has a soothing effect on the skin and regulates the work of sebaceous glands
- slows down the aging process of the skin

## EFFECTS OF ACTION

- deep hydration and skin care
- soothing of irritation
- support for the treatment of atopic skin, with psoriasis and eczema
- skin protected against external factors

## HOW TO USE?

Use constantly on the entire face and larger areas of the skin.

In case of exacerbations or inflammations - use alternately with **CBD Special Skin Therapy**.
